

MUSTAFA ALI

mustafa10ali_@outlook.com | (703) 625-8058 | [fje9hz.github.io](https://github.com/fje9hz)

EDUCATION

University of Virginia (UVA) | School of Data Science & College of Arts & Sciences

B.S. Data Science & B.A. Economics | GPA: 3.319

- Certification: Business Essentials in Finance | UVA McIntire School of Commerce | May 2025

Charlottesville, VA

Aug 2024 - May 2028

TECHNICAL SKILLS

Languages & Analytics: Python (pandas, NumPy, scikit-learn, matplotlib, joblib), SQL (window functions, CTEs, aggregations), R, Excel (VLOOKUP, pivot tables, advanced formulas, dashboards)

ML & Data Engineering: Logistic regression, random forest, feature engineering, ROC AUC, time-series analysis, walk-forward validation | PostgreSQL, ETL pipeline design, Kimball star schema, SCD Type 2, data quality checks

BI & Visualization: Power BI, Tableau, matplotlib - dashboard development, KPI reporting, stakeholder-ready outputs, data storytelling

Deployment & Tools: FastAPI, Docker, Render, GitHub CI/CD, pytest, Git/GitHub, Jupyter Notebook, VS Code | Claude, Claude Code, ChatGPT, Cursor

Business & Finance: Financial modeling, scenario analysis, P&L analysis, variance analysis, sensitivity analysis, ROI studies, business case development

PROFESSIONAL EXPERIENCE

DataDepth (Startup)

Remote

Data Analyst

July 2024 - Sept 2024

- Built automated Python and SQL data pipelines integrating API sources; designed 3 Power BI dashboards tracking 25+ KPIs across revenue, expenses, and user growth, with ongoing data quality checks.
- Developed a 5-year financial model with base, bull, and bear scenarios; applied sensitivity and variance analysis across 10+ revenue and cost drivers for strategic planning.
- Conducted market and competitive research across 10+ business categories; synthesized findings into structured, presentation-ready reports and briefing materials.

Renewal by Andersen

VA, DC, and MD

Marketing/Sales Representative

June 2024 - Aug 2025

- Identified through data analysis that appointments within 72 hours converted at 2.7x the territory rate; helped restructure outreach protocols and generated \$200,000+ in sales at 88% conversion vs. 33% territory average.
- Represented the brand at 50+ events, managed a pipeline of leads, engaged 100+ customer interactions, and delivered results in a fast-paced, independent environment.

CASH at Madison House (MILE Program)

Charlottesville, VA

Volunteer Tax Education Consultant

Jan 2025 - May 2025

- Provided free tax education and filing support to underserved community members; explained complex regulatory requirements clearly, collected client information carefully, and documented outcomes for program reporting.

PROJECTS & OUTSIDE EXPERIENCE

PEAD Analysis Platform

Charlottesville, VA

Python | WRDS | CRSP | IBES | Compustat

May 2026 - Jun 2026

- Built a Post-Earnings Announcement Drift platform on 7,352 earnings events from 2010-2023 across 687 S&P 500 tickers and 2.9M rows; Random Forest classifier achieved 0.704 ROC AUC and 69.8% accuracy. Key finding: analyst anchoring. Live at pead-analysis.onrender.com.

Game Script - NFL Win Probability App

Remote

Python | FastAPI | Docker | Render

May 2025 - Present

- Built and deployed a full-stack ML application predicting NFL win probability from 4,175 historical games; three prediction modes achieved up to 68.0% accuracy and 0.728 ROC AUC. FastAPI backend, Docker, GitHub CI/CD. Live at nfl-win-probability.onrender.com.

E-Commerce Analytics Warehouse

Charlottesville, VA

PostgreSQL | Python | Power BI

Feb 2026 - Mar 2026

- Built a 4-layer PostgreSQL analytics warehouse processing ~100K orders and 25K customers; Kimball star schema, SCD Type 2, idempotent ETL, data quality checks, and interactive Power BI dashboard across 5 datasets.

Stock Valuation & Market Analysis

Charlottesville, VA

Python | Excel | DS Analytics Club at UVA

Jan 2025 - May 2025

- Analyzed 12 publicly traded companies across 4 sectors using P/E, EV/EBITDA, revenue growth, and margin metrics; identified 6 companies trading 15-40% below sector averages and presented theses for META, MSFT, and PFE.

ACTIVITIES & LEADERSHIP

UVA SDS Undergraduate Council

Charlottesville, VA

Professional Development Chair

Apr 2025 - Present

Students Who Advance Technology (SWAT) at UVA

Charlottesville, VA

Technical Lead

Sept 2025 - Present

Muslim Student Association at UVA

Charlottesville, VA

Program Director

2024 - Present

Pakistani Student Association at UVA

Charlottesville, VA

Director of Membership

2024 - Present
